- Picarbutrazox – completed!
- Fluxametamide – completed!
- Fluindapyr – completed!
- Trifludimoxazin – completed!
- Rekleml – PD being developed. PRIA date **7/19/21** (Original PRIA date 4/19/21) (IVB3).
Partial ESA – causing delays
- Ipflufenquin – PD being developed. PRIA date **7/30/31** (Original PRIA date 4/19/21) (FB).
Working on ESA – causing delays
- L-Glufosinate Ammonium – Risk Assessment phase. PRIA date 10/12/2021. ESA issue. Any feedback?

Other Chemical Actions

- Dicamba
 - Bayer and BASF requesting feedback on pending pre-mixes

Ex. 5 Deliberative Process (DP)

- **USDA conducting EIS** (instead of EA) on dicamba resistant corn; issued a 60-day public comment period 5/8th; citing EPA's cancellation order and 2020 decision. Discussed with OPMP. Does OPP have a preference comment to the docket or not? Suggest APHIS for their preference. Comment period closes 5/28.
- **24 (c)s** –
 - NC – denial 3/15th
 - TN – denial 4/9th
 - GA – denial 4/23rd
 - **Disapproval notice for TX needed in June**
- **Antibiotics** – will need to brief the new team (FB)
 - Briefing Michal 5/17th; pre-meeting 5/10th

- Goal – get policy feedback on the antibiotic issue; Oxytet – cherry PRIA date of June – delay the action while we work on policy approach.
- **Inorganic Bromide** – R10 meeting with OPP; APHIS meeting with Michal – requesting increase in tolerance on alfalfa (Dan R)
- **Cyclaniliprole/flonicamid** –first residential use; public process; completed!
- **Seresto** – pet collar with high rate of incidents (death and neuro); press inquiries; 6a2 letter sent; updating desk statement to include factual information on FDA vs. EPA
- **Aldicarb** – Given FL decision do we want to ask company to consider voluntary cancellation? AgLogic may be challenging FL decision.
- **Enlist** – Extension of the registration (expires end of 2021); Corteva is looking for a decision to inform seed purchase for soybeans; OGC advises an to update ESA finding

Other Actions - AA-Level/OD/High Visibility Items

- FDA/EPA jurisdiction – Michal follow up complete; team to identify appropriate “model” MOUs; next steps on reaching out – team is developing talking points
- COVID-19 Activities – Sect 18s –
 - SW2 –
 - revocation of existing S18s based on science and violations (week of June 14th)
 - Pivot – withdrawal of pending S18s; ABS wants a meeting – meeting this week
 - Grignard – other states
 - Kraton – completed!
 - Ionopure Air
 - Acteev Facemasks

Ex. 5 Deliberative Process (DP)

- **PFAS** – RD working with Clark on submissions
 - Definition issue – working to bring Jeff D. up to speed
 - 6a2 notification? Nothing planned yet
- Inerts supply issue – phase 1 completed!; phase 2 – additional considerations

Ex. 5 Deliberative Process (DP)

International

- Bi-monthly meeting with PMRA 5/11th – antibiotics, Seresto

Business/process/technology
